## OBJECTIVES

---

- ✓ Obtain official representation status from internationally renowned institutions and introduce them to Indian students, thereby facilitating the students to enroll in their desired programs while aiding the cultural diversity objectives of institutions.
- ✓ Counsel and advise students to select most appropriate programs and institutions suitable to their academic qualifications and aptitude and assist them in admission formalities.
- ✓ Facilitate several partnerships between foreign universities and their Indian counterparts.
- ✓ Provide coaching for language proficiency required by Indian students to pursue higher education abroad.
- ✓ Guide and enable the students to achieve desired results in language, aptitude and competitive entrance tests.
- ✓ Provide comprehensive solutions for sourcing programs, identifying institutions, improving language proficiency, admission applications, scholarships & funding, visa applications, pre-departure preparations, and post-landing under the same roof.

"Empowering the students with quality education in a wider horizon is the mission we embrace at The Global Ties. As a key person of The Global Ties, I am privileged to be a part of the education scenario today. Understanding the competitive environment, we strive to facilitate excellent educational options for the personal growth & career fulfillment of students aspiring to study abroad"

## STUDY MBBS ABROAD

---

MBBS is a noble profession. A lot of aspirants are intending to study and aspire to become a doctor. Choosing MBBS abroad is a good arena for Indian students to gain more know-how and improve their exposure. The Universities have inbuilt hospitals in which they can do their internship to get well-trained doctors. It is good to study abroad as it is less expensive than the private institutions in India and moreover the choice of Universities and countries are on a large scale that offers a recognized MBBS degree.

Students can choose Universities abroad with the best infrastructure, teaching, and plenty of opportunities available across the globe. Good quality at an affordable price is noteworthy.

Many students dream to study MBBS and it's also their passion unfortunately not everyone is able to fulfill it in India due to the increased fees structure and unavailability of seats as here the number of colleges is lesser than the students aiming to study.

To put it in a nutshell, it becomes a wonderful opportunity for students to fulfill their vision without burdening their parents at the cost which can be invested for their future. Hence it is a good objective to select abroad education and help people as it will help them attain their goal.

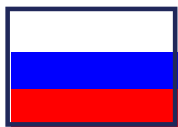

## ELIGIBILITY CRITERIA FOR MBBS ABROAD

---

- ✓ The age of the student should be 17 or more. NEET Qualified.
- ✓ Student should have passed Class 12th with Science.
- ✓ For General Students, an aggregate of 50% is essential in Physics, Chemistry, and Maths.
- ✓ For SC, ST, and OBC, the criteria are 40% to 45%
- ✓ The maximum age for the candidate should not be more than 25.
